

# MARSON LITHIUM GREASE

## (Light Duty Multipurpose Grease)

**MARSON LITHIUM GREASE** is an NLGI 2 grade, general-purpose grease designed for a wide range of applications. It is compounded from selected base oils and a lithium soap thickener.

The lithium soap thickener used in **MARSON LITHIUM GREASE** yields some specific benefits. It is highly water resistant, making it useful in applications where water contamination is a factor. **MARSON LITHIUM GREASE** has good shear stability in order to keep its consistency over long periods of use.

**MARSON LITHIUM GREASE** is for use in

both anti-friction bearings and bushings in light to moderate duty service. It is especially suited for automotive chassis.

**MARSON LITHIUM GREASE** is not recommended for applications requiring extreme pressure (EP) grease.

### BENEFITS:

- GOOD WATER RESISTANCE
- GOOD SHEAR STABILITY
- LONG SERVICE LIFE
- VERSATILE

## TYPICAL CHARACTERISTICS

NLGI Grade	2
Product Code	39373
Thickener Type	Lithium Stearate
Color	red
Texture	Smooth
Worked Penetration (ASTM D-217)	280
Base Oil Viscosity	
cSt @ 40 °C	242
cSt @ 100 °C	16.1
SUS @ 100 °F	1290
Dropping Point (ASTM D-566) °F (°C)	320 (160)
Oil Separation (ASTM D-1742) %	4.0
Approximate Temperature Range * ° F	-5 to 280

\* Actual temperature range is subject to method of application and equipment design.

The above data is subject to usual manufacturing variation. For more information and availability, call 1-800-442-LUBE.
