

# MARSON 2 GREASE

GREASE

Economical lithium grease

## APPLICATIONS

### Agricultural and industrial uses

- **MARSON GREASE** is an NLGI 2 grade, general-purpose economical grease designed for a wide range of applications including automotive and industrial use where extreme pressure protection is not needed. It is compounded from selected base oils and a lithium soap thickener.
- **MARSON GREASE** is for use in both anti-friction bearings and bushings in light to moderate duty service. It is especially suited for automotive chassis. It is not recommended for high temperature service.

## SPECIFICATIONS

ISO 6743-9: L-XACAA-2  
DIN 51502: K2GA-10

## ADVANTAGES

### Good lubricant film and water resistance

- High viscosity base fluid with good lubricity for general purpose lubrication
- Mild anti-rust and anti-corrosion properties.
- Good water resistance

### TYPICAL CHARACTERISTICS MARSON GREASE #2

NLGI Grade	2
Appearance,	Smooth, amber grease
Thickener type,	Lithium
Penetration worked 60x (ASTM D 217)	280
Dropping point, °F (°C) ASTM D 2265	320 (160)
Base oil viscosity @ 40°C, cSt ASTM D 445	240
Estimated operating range, °F	20 to 200
