

# Nevastane<sup>®</sup> Wet Lube 100

## Food Machinery Lubricant

Nevastane Wet Lube 100 is specially designed to lubricate and protect food processing machinery in a wet environment. It preferentially displaces water and keeps bearings, slides, guides, and chains lubricated for satisfactory machine life. It assures long machine life while reducing contamination problems as required by the Hazard Analysis and Critical Control Point System (HACCP).

NSF registered category code H-1, for incidental contact with food.  
Formulated from ingredients meeting United States 1998 FDA regulation  
21 CFR 178.3570.
