

# CHAIN DRIVE LUBRICANT

## Super-Duty Spray

Chains and sprockets are effectively lubricated with Total Chain Drive Lube for long periods due to its excellent penetrating and anti-fling properties.

Total Chain Drive Lube provides an active lubricating film, which helps to prevent chain links from kinking and it will not shrink or swell "O-Ring" seals. This helps to protect the seals from cracking or tearing thus ensuring that dirt and moisture do not enter the chain links or pins. Total Chain Drive Lube is also insoluble in water, even salt water for added corrosion resistance. This helps reduce re-lubrication intervals and associated maintenance costs.

Total Chain Drive Lube was designed to provide reliable chain link protection whether used in slow or high speed applications. This lubricant stays put and will not fling off. Chain drives will always look new because Total's Chain Drive Lube penetrates to ensure proper pin lubrication while providing rust and corrosion protection. Use on all speed chains. Total's Chain Drive Lubricant stays on and provides constant lubricating protection, even in the harshest environments.

Total Chain Drive Lube comes in a 10-ounce aerosol. It sprays easily and sets up quickly. There is no need to apply excessive quantities. Chain Drive Lube is not a wax based product and it does not contain a dye. This means Total Chain Drive Lube will not dry out, produce excessive film build-up or stain the surrounding surface areas.

### Applications

- **Link Chains**
- **Sprockets**
- **Hinges**
- **Light duty cable**
- **Cams**
- **Open Gear**

### Benefits

- **Penetrates and Lubricants**
- **Keeps out dust, dirt and water**
- **Anti-fling properties**
- **No dies, No stain**
- **Reduces re-lubrication intervals**
- **No shrink or swell of "O-Ring" seals**

- For best results clean chain with Total Penkote® removing any dirt or grime. Then apply Total Chain Drive Lube to chain. This will assure proper penetration, surface coating and lubrication which eliminates excessive and wasted throw off.
