

ABOUT FINA CHECK REGISTRATION:

The FINA CHECK registration is offered to distributors and end-users of FINA-branded lubricants marketed by LUBRICANTS USA. Registration is accomplished via LUBRICANTS USA's web site. Registering allows the FINA distributor and/or end-user to establish an account with LUBRICANTS USA's analytical services provider, Staveley Services Fluids Analysis, and with LUBRICANTS USA itself, through which oil analysis test results can be obtained across the Internet.

No credit card is required to complete the registration form. If premium services from Staveley Services Fluids Analysis are requested (via their web site), then Staveley Services Fluids Analysis will contact the distributor and/or end-user for payment information. Following registration, a Staveley Services Fluids Analysis representative will contact the distributor and/or end-user, providing instructions on how to use the Staveley Services Fluids Analysis web site. FINA CHECK kits for fuel, antifreeze or oil analysis can be ordered through LUBRICANTS USA.

Fill in the form fields and print this page.

Then fax to (469) 241-0956.

Page cannot be saved. Print a copy from your browser for your records.

Services:

Standard Service

(Free to FINA CHECK Registered Customers)

Premium Service

(Annual Subscription Fee \$99.00)
